

BT-WS-06-ACDC

Powered by AC/DC solar energy

- Reasonable design with aesthetic appearance
- Large airflow and long drive distance
- PP homo-polymer engineering material, attractive and durable
- 100% copper-wire winding motor
- Auto drain function
- Easy for installation

- [Description](#)

Model	BT-WS-06-ACDC
Airflow (m3/h)	5000
Volt/freq. (V/Hz)	12V or 220V
Power/Current (w)	100W
Fan Type	Axial
Fan speed	3
Control type	Eletronic & remote
Noise (db)	≤Max: 58 db
Air Delivery	4-8m
Cooler size (mm)	640*640*700
Water tank (L)	25
Water consumption (L/h)	6
Loading Q'ty (40'HQ)	215 pcs
