

Gree Split Air Conditioner 2.0 Ton - Wifi Enabled - Rotary Compressor, R410A - PULAR-R24C3

- Rotary Compressor: A powerful Rotary compressor for high ambient temperatures up to 54°C, unit operates on R410a refrigerant while reducing the environmental impact.
- "Safe and Reliable: Self Diagnosis once wrong operation or failure happens, the unit will shut off automatically to protect the system. Meanwhile, protections or error codes will be displayed for maintenance."
- "3D Air Flow: The air guide louver can not only automatically swing up and down, but also left and right. It enables 3D airflow for wider air supply to enhance the comfort."
- "Intelligent Control: Achieve long-distance control of unit on and off, temperature and fan speed, etc. by APP in the mobile phone and wifi."
- Turbo Mode: Press "Turbo" button on the remote controller to enjoy a larger air flow, which enables the indoor temperature to reach the set temperature in a shorter time.
- "I-Feel function: When I-Feel function is turned on, the remote control automatically sends the detected ambient temperature to the air conditioner every 10min to regulate the "temperature difference" for increasing comfort while ensuring more efficient operation of the air conditioner."

Technical Details

Manufacturer	Gree
Part number	PULAR-R24C3
Item Weight	62.5 Kilograms
Product Dimensions	24 x 107 x 33 cm; 62.5 kg
Item model number	PULAR-R24C3
Size	2.0 Ton
Color	2.0 Ton
Power source type	Corded Electric
Voltage	240 Volts
Wattage	2280 watts
Installation Method	Split System
Noise Level	35 dB
Special Features	Wifi Enabled
Included components	Remote,stand,Battery pack
Batteries Required?	No
